

Z97M-ITX/ac

Intel® Z97 Chipset

ASRock

Product Brief

- ASRock Super Alloy
 - Premium Alloy Choke (Reduces 70% core loss compared to iron powder choke)
 - NexFET™ MOSFET
 - Sapphire Black PCB
- Supports 5th Generation Intel® Core™ i7/i5/i3/Pentium®/Celeron® Processors (Socket 1150)
- Supports New 4th and 4th Generation Intel® Xeon®/Core™ i7/i5/i3/Pentium®/Celeron® Processors (Socket 1150)
- Solid Capacitor design
- Intel Z97 Chipset
- Supports Dual Channel DDR3 3100+(OC)
- 1 PCIe 3.0 x16, 1 Vertical Half mini-PCIe for WiFi + BT Module
- Graphics Output Options: D-Sub, DVI-D, HDMI
- Supports Triple Monitor
- Qualcomm® Atheros® Gigabit LAN
- 7.1 CH HD Audio with Content Protection (Realtek ALC892 Audio Codec), ELNA Audio Caps
- 5 SATA3, 6 USB 3.0 (2 Front, 4 Rear), 4 USB 2.0 (2 Front, 2 Rear)
- WLAN: 1 x 802.11ac WiFi + Bluetooth 4.0 module, 2 x ASRock WiFi 2.4/5 GHz Antennas
- Supports ASRock Full Spike Protection, ASRock Cloud, APP Shop, A-Tuning, Full HD UEFI

Super Alloy Motherboard

Stable and Reliable

The next generation NexFET MOSFETs provide lower $R_{ds(on)}$ 2.9 mΩ, delivering higher efficiency and lower temperature.

Pure black PCB appearance. The new Sapphire Black PCB represents rock-solid quality and gives the motherboard a more mysterious touch.

The new generation alloy chokes effectively increase up to 90% saturation current and feature a highly magnetic and heat resistant design, making the motherboard more efficient, stable and reliable.

Saturation Current

90% Better!

Ferrite Choke

20A

ELNA Audio Caps

Who says high quality audio is only available on high-end motherboards? ASRock applied ELNA audio capacitors on mainstream and entry-level motherboards! Compared with traditional solid caps, the leakage current of ELNA audio caps is merely 3uA. This is the key to reduce noise level significantly and satisfy even the pickiest audiophiles.

ASRock Cloud

ASRock Cloud* technology makes your mobile devices connect to your PC seamlessly and supports multi devices for accessing File Explorer cloud service simultaneously! We offer a one-year subscription to Orbweb.ME Professional version, a personal cloud service which is \$49.99 per year. It allows you to get connected with your PC's files, music, photos, and video clips remotely with tablets anytime, anywhere. Plus an additional one-month upgrade to Orbweb.ME Ultimate package with Remote Desktop function.

* OrbWeb ME is provided by a third party. Restriction may apply and the offer is subject to change, termination or discontinuation by the third party without prior notice. Please visit the website for further details: <http://www.asrock.com/feature/cloud/index.html>

ASRock APP Shop

We provide various apps and support software for users to download. You can easily optimize your system and keep your motherboard up to date with ASRock APP Shop.

802.11ac WiFi

This motherboard comes with an exclusive 802.11ac WiFi (5G WiFi) module that supports up to 433Mbps wireless networks and Bluetooth v4.0. Experience up to 144% speed boost compared to your old 802.11n WiFi!

Solid Capacitor Design

ASRock applied solid capacitors on this motherboard. With these solid caps, this motherboard is allowed to perform more stably and ensure longer lifetime.

3 Graphics Outputs

Complete with all three types of most used connectors! Packed with a D-Sub + DVI + HDMI combo. Plus the HDMI port supports Full HD 1080p Blu-ray (BD) playback.

Triple Monitor

This motherboard supports Triple Monitor. You may choose up to three display interfaces to connect monitors and use them simultaneously.

A-Tuning

A-Tuning is ASRock's multi purpose software suite with a new interface, more new features and improved utilities, including XFast RAM and a whole lot more.
